Someday you'll thank me" Commentary 542 by Mark R Tonelli, MD, MA In this era of evidence-based medicine (EBM), Dr James seems either very brave or very foolish to recommend a course of action that appears contrary to the best available evidence produced from clinical outcomes research

Happiness and Education - Assets

excuse, "Some day you'll thank me for this"? Parents and educators are sustained in this attitude, in part, because so many adult chil-dren do thank us for their perceived success - a success, sometimes questionable, that they credit to their earlier misery And so, they are ready, even eager, to inflict a new round of misery on others
